## ILSC EDUCATION GROUP

Greystone Institute is the newest education provider in the ILSC Education Group. Greystone Institute has its roots in a desire to offer more students the opportunity to study with us and for our current students to be able to study with us longer. Greystone Institute embodies the core values, vision and mission of ILSC Education Group and seeks to bring those to life for higher education graduates.

### History

ILSC was founded by Paul Zysman in Vancouver, BC in September 1991 as a student-centered private language school, providing a meaningful and enjoyable experience for all students wishing to acquire English Language skills. ILSC & Greystone College's roots lie in the belief that transformative experiences are possible by empowering students through education.

International students coming to ILSC & Greystone College join a global movement of transformation, crossing cultures and engaging with new values, customs and languages. The excitement of exploring a new environment stimulates learning, and this journey transforms students' lives in powerful and lasting ways.

ILSC & Greystone College's roots in a humanist education approach encourage an appetite for learning in an environment where each person is treated with understanding and respect. In recognising our individual and collective humanness, we create a union of shared and complementing interests. Our ILSC & Greystone College community works towards creating a common ground for all, inside and outside the school – starting with oneself.

ILSC & Greystone College has grown to be a global educator that delivers quality educational programs using a dynamic approach that responds to student interests, as well as new global developments in technology and thinking. Our largest and longest-running division, ILSC Language Schools, has been offering language training programs since 1991 and has welcomed international students from more than 100 countries. We also offer a range of programs through our Greystone College, Teacher Training, Corporate Training, and Continuing Education divisions.

Since opening its first school in Vancouver, BC, Canada in 1991, ILSC has become a world leader in language and career training, and has grown to include 9 incredible locations around the world: Montréal, Toronto and Vancouver in Canada; New Delhi in India; and Adelaide, Brisbane, Melbourne, Perth, and Sydney in Australia.

In early 2023, ILSC & Greystone College joined forces with ELS Educational Services, bringing together over 100 years of combined experience delivering life-changing learning experiences to international students. Since 1961, when ELS Educational Services opened its first school in Washington DC, ELS has developed a global reputation for delivering top-quality English language programs. ELS now has the most extensive network of on-campus English language programs and University partners across the USA.

## Sustainability

Sustainability and the environment are part of all decisions at Greystone Institute and part of our Strategic Plan Goal 1.

By actively implementing strategic activities related to sustainability and education, Greystone Institute aims to foster a culture of sustainability, where environmental consciousness is integrated into all aspects of our educational experience. As a responsible institution, we strive to inspire a generation of environmentally conscious leaders who will shape a sustainable future for our planet.

## Community Social Responsibility

Community Social Responsibility (CSR) is part of Greystone Institute's DNA and is part of our Strategic Plan Goal 2. It has been embedded in the ethos of our schools, and interwoven into course content and school activities from the moment Greystone Institute began.

Greystone Institute remains steadfast in its dedication to fostering community social responsibility (CSR) through a range of initiatives. Through concerted efforts, Greystone Institute endeavors to make a meaningful and lasting impact on the community and society at large, reinforcing our commitment to social responsibility and ethical leadership.

## Funding Social Development

### Greystone Institute is part of ILSC Education Group's #ILSCGIVES

Greystone Institute joins ILSC to support a variety of social projects and causes within our local schools, surrounding communities, and internationally, and we have been recognised in our industry for our social development and environmental efforts.

We donate \$1 from every ILSC Language School and Greystone registration towards the Learn to Earn (LTE) Program at ILSC New Delhi and integrate a wide range of CSR initiatives into our programs, activities, and school community.

ILSC's ongoing CSR activities through #ILSCGIVES provide opportunities for our staff, students, and partners to contribute to causes that they care about; to build community and friendships; and to practice and develop language and other skills.

## CSR Focus Areas

# POLICIES & PROCEDURES

## POLICIES & PROCEDURES

This section outlines key policies that govern academic integrity, conduct, privacy, and assessment at Greystone Institute. For full policies see [Greystone Institute Policies](#).

### Assessment

The [Greystone Institute Assessment Policy and Procedures](#) outlines the framework through which Greystone Institute regulates learning and assessment. All Greystone Institute higher education coursework programs are designed to deliver a depth of learning aligned with the appropriate Australian Qualification Framework (AQF) level for the course. Within the course, meaningful assessment contributes to achieving our teaching objectives and your learning aspirations. The assessment policy establishes the assessment process, ensuring equitable assessment, grading, certification, and qualification for all students.

The policy outlines procedures for students and teaching staff to ensure regular and comprehensive unit assessments. The policy's objectives are to ensure that Greystone Institute's assessments:

- Align with rigorous outcomes that assess disciplinary-specific knowledge and skills.
- Ensure inclusive, fair, and equitable student learning experiences.
- Measure student performance with recognisable grades enhancing students' career trajectories.
- Promote lifelong learning.
- Are conducted with integrity, applying consistent standards and marking schemes.
- Are communicated clearly and effectively.
- Provide for student enquires, clarification of requirements, and encourage self-reflection.

This policy applies to all students and teaching staff within Greystone Institute. You must be aware of assessment process and available avenues for appealing assessment decisions, as detailed in the [Greystone Institute Student Complaints and Appeals Policy and Procedures](#).

### Group Assessments

Greystone Institute believes group assessments to be essential for students in developing employability skills. When group assessment is required, we provide you with an induction on expectations and processes. Students who do not contribute to the assessment may receive a Pass/Fail grade without impacting the group's result.

### Assessment Feedback

Assessment feedback will be timely, justify marks, highlight areas for improvement, offer guidance for future tasks, and recommend academic support if needed.

### Final Grades

Greystone Institute, in collaboration with teaching staff, determines final unit grades.

Greystone operates the following grading scheme:

C	65-74%	<i>Credit.</i> Student demonstrated a good quality of performance or standard of learning achievement.
P	50-64%	<i>Pass.</i> Student demonstrated a satisfactory quality of performance or standard of learning achievement.
NYC	0-49%	<i>Not Yet Competent.</i> Student demonstrated a quality of performance or standard of learning achievement that is at a standard indicating the student is not yet competent. There was evidence of achievement of desired learning outcomes below the passing standard.

#### Other grades

SUP	<i>Supplementary Assessment.</i> Students awarded a SUP grade have the opportunity to undertake a supplementary assessment task.
W	<i>Withdrawal.</i> Student has withdrawn from the unit. This is NOT counted as Not Yet Competent and appears beside the course on the academic record when the withdrawal from the course is processed administratively after the last date to drop a unit without being liable for fees, up until the final date for withdrawal without failure.
WF	<i>Withdrawal with Not Yet Competent.</i> An assessment grade indicating that the student cancelled their enrolment in the unit after the final date for withdrawal without being considered Not Yet Competent.

#### Academic Success and Early Intervention

Students enrolled in designated first-year units are supported with assessment that is both formative and developmental to build skills and confidence. Special provisions, learning advisors, and additional support may be provided. Academic support will be offered to any students who initially fail major assessments.

## Requesting a Re-Mark or Final Grade Review

If you believe your assessment mark or final grade is incorrect or unfair, you may request a review. You need to submit the review request in writing to the Unit Coordinator within five (5) working days of the result being released.

- A re-mark request must include specific reasons based on the marking criteria.
- If approved, a second marker will assess the work, and the final decision will be made by the Unit Coordinator. Marks may increase, decrease, or remain the same.
- A final grade review follows a similar process but applies to the overall unit result.
- If you are still dissatisfied, you may appeal under the Complaints & Appeals Policy and Procedures.

## Late Submission, Extension and Special Consideration:

You must submit assessments by the due date. Assessments submitted after the due date without an approved extension will incur a 5% penalty per day for up to seven (7) days, after which a grade of zero will be recorded.

You may apply for an extension if you experience unexpected circumstances (e.g., illness, family emergencies). This involves submitting an Application for Assessment Special Consideration to the unit coordinator before the deadline with supporting evidence (e.g., medical certificate). Unit Coordinators make reasonable efforts to accommodate students in disruptive circumstances beyond their control.

For further information refer to the [Greystone Institute Assessment Policy and Procedures](#).

## Dismissal Policy & Code of Conduct

Greystone Institute recognises the right to learn in an environment free from harassment and will treat seriously allegations of harassment at Greystone Institute. Harassment on any of the grounds covered by the human rights legislation is unacceptable conduct at Greystone Institute and will not be tolerated. ### Student Complaints & Appeals

Greystone Institute is committed to fostering a supportive learning environment that upholds principles of fairness and equality. The Student Complaints and Appeals Policy outlines procedures for addressing and resolving student complaints in a timely, efficient, and equitable manner.

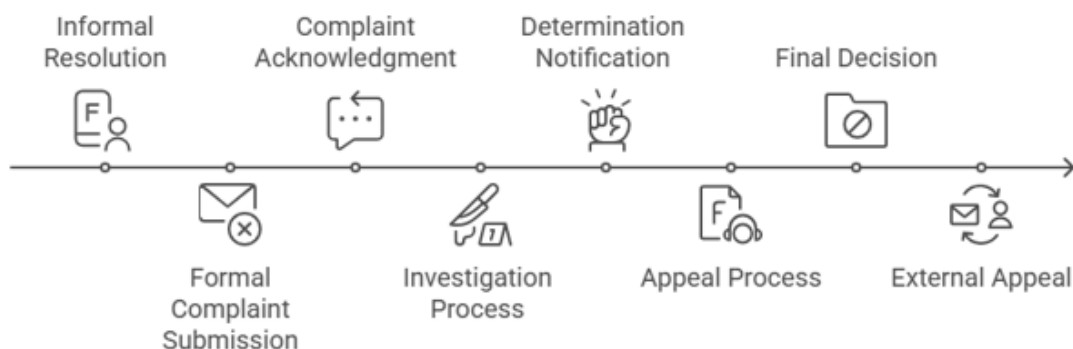

At Greystone Institute, it is understood that students may have complaints or seek appeals for academic and non-academic matters. A complaint expresses dissatisfaction with actions, decisions, or omissions within Greystone Institute's control that affect a student's rights, interests, or expectations. If you believe you have been treated unfairly in academic or administrative matters, you can submit a complaint in writing and/or verbally. The process includes:

- **Informal Complaint Resolution** – Speak with the relevant lecturer, staff member, or Student Advisor.
- **Formal Complaint** – If informal resolution is not reached, you can submit a formal complaint to the Academic Dean by emailing [Dean@greystoneinstitute.com.au](mailto:Dean@greystoneinstitute.com.au), including relevant documentation. The Dean will investigate the complaint and provide a notice of determination.
- **Appeal Process** – If you are dissatisfied with a decision, you may lodge an appeal to Student Administration within 20 working days of the initial complaint. You must specify in writing the grounds for appeal and attach copies of all documents relevant to the appeal. The appeal of decision matter is then dealt with by the Appeals Committee, who may uphold or change the original decision.
- **External Review** – As a final step, you can contact the Overseas Students Ombudsman or another relevant authority. The OSO provides a free and independent service to investigate complaints and problems overseas students may have. Website: [www.ombudsman.gov](http://www.ombudsman.gov). Phone: 1300 362 072.

For full procedures, refer to the [Greystone Institute Student Complaints & Appeals Policy and Procedures](#).

### Greystone Institute Complaint Resolution Process

### Academic Credit & Recognition of Prior Learning (RPL)

The [Greystone Institute Academic Credit and Prior Learning Policy and Procedures](#) ensures a consistent and equitable process for granting credit to individuals enrolled in academic programs.

#### What is Academic Credit?

You may be eligible for academic credit if you have achieved learning outcomes and can demonstrate knowledge, understanding and skills gained through prior formal learning, non-formal learning and informal learning. Academic credit is granted based on various criteria, including completed coursework, programs and units completed at other institutions, work/life experiences, and assessment of equivalence. Requirements apply and credit qualification standards must be met. Credit reduces the number of units required to complete a program, allowing you to progress more quickly.

#### Academic Credit may include:

- *Credit Transfer*: Granted for units successfully completed at another institution, provided they match the learning outcomes of Greystone Institute units.
- *Recognition of Prior Learning (RPL)*: Awarded based on work experience, informal learning, or non-formal training that demonstrates equivalent skills and knowledge.
- *Advanced Standing*: Credit for previous higher education studies that may allow students to enter a program at a later stage.

## How to Apply for Credit

- Submit a Credit Application Form before enrolling in the relevant unit(s).
- Provide supporting documents. Documents issued in languages other than English must be submitted in official translations into English. These may include:
  - copies of certificate/diploma/award (for completed qualifications), academic transcripts, unit outlines and any other documents that can support the assessment and demonstrate the equivalence between respective units
  - CV, employer references, official proof of employment and portfolio of work
- Applications are assessed on equivalency (at least 80%) to Greystone Institute units.

## Limitations & Conditions

- A maximum of 80 credit points may be granted.
- Credit approvals remain valid for one calendar year.
- If a student does not enrol within this period, they must reapply.
- Credit cannot be granted for units that have already been failed at Greystone Institute.
- Final approval is at the discretion of the Academic Dean.

## Appealing a Credit Decision

Students who believe their credit application was unfairly assessed may submit an appeal within five (5) working days of receiving the decision. Appeals follow the [Greystone Institute Student Complaints and Appeals Policy and Procedures](#).

## Falsification of Documentation

Providing false, misleading, or incomplete information (e.g., falsified academic transcripts, identity documents, or medical certificates) is strictly prohibited.

- If you are found guilty of document falsification you may face disciplinary action, including suspension or expulsion.
- Potential students who submit misleading documents may have their application voided and be barred from future enrolment.
- Current or former students involved in fraudulent documentation may face investigation, potential enrolment termination, forfeiture of fees, and legal action.
- Greystone Institute reserves the right to report serious cases to relevant authorities.
- If you realise you have made a mistake in submitted documents, you should notify Student Services immediately to prevent penalties.
